

# AMERICAN LEGION POST 313

## BASEBALL NEWSLETTER

### WELCOME TO OUR MONTHLY NEWSLETTER

#### WELCOME

I would like to welcome all our new players and families to our American Legion baseball program. Our mission for the St. Peters American Legion Post 313 baseball program is to develop a player's baseball skills both physical and mental so they are prepared to play and succeed at the next level. We teach not only individual skills but also the importance of team play and team success over individual player stats. We also work to teach our players good sportsmanship and respect both on and off the field.

This is our second year in trying to send out this newsletter to help keep everyone (especially our new families) informed about what is going on program wise as well as around the district and state for American Legion baseball. We are always striving to provide as much information to our players and families, so everyone is on the same page. This newsletter should assist in that effort.

Thank you to all our returning families for helping to spread the word about our program to assist us in building a better organization for the players and the St. Peters American Legion Post 313 community.

#### THE HOLIDAYS

I want to take this opportunity to also wish everyone a Merry Christmas and Happy New Year since our next newsletter will not come out until after the new year.

We have nothing schedule during this time so please enjoy your time with your family and friends during this holiday season.

#### FALL SEASON IN REVIEW

Our senior and junior teams were able to play in some tournaments and have weekly practices to get some extra work in this fall. I truly appreciate all the time and effort put in by our coaches and players that were available to help them prepare for next summer. Also, I need to thank the all the parents for supporting our teams by getting your son to practice and games when available. Without your support all of this would not be possible.

#### SENIOR TEAM

Our senior team had a very good fall season going 10-1 and winning 2 of the 3 tournaments they competed in this fall. Their only loss came in the Championship game of the only tournament they didn't win. So great job by the players and coaches this fall.

#### JUNIOR TEAM

Our junior team had a good fall season as well going 10-5 and winning 2 of the 4 tournaments they competed in this fall. Our coaches did a very good job of juggling line ups and filling in with some of new freshman players when they were available.
